City Council.

A short and unimportant session. The
City Council.

A regular session of the Council was held
last evening. Present: Mayor Rogers,
Ald. Doyle, Foster, Shaw, Lonsdale,
Wainwright, Strick, Taylor, Langman, Star-
ling, McCall, Laidlaw, Laidlaw, Foster,
Moss, W. J. Diamond and W. H. G.
don, the newly elected Alderman for Kitch-
en Ward, were present and took their
seats. The Mayor, in a complimentary
remark, welcomed the new members.
The minutes of the last meeting were
read and confirmed.

From Mr. J. O'Leary, our Inspector, at-
tending to the matter of the fire alarm,
it was decided to attend to the matter as
soon as possible.

A petition was presented asking that the
street on Friday July 10th be declared
a half holiday, in view of a regatta being
held here.

A petition was presented in relation to
a drain on Bracey Street, which was in
a bad condition.

A number of accounts were presented.

Reports were presented from the Public
Works Committee which recommended that
a number of accounts be paid.

It was recommended that a concrete
pavement be placed on Front Street be-
tween Hotel and Dundas streets.

The Council went into committee of the
whole on reports, Ald. Doyle in the chair.

The Public Works Committee's report
was considered. The Council were ordered
to be paid.

The recommendation that 50,000 feet of
sculpting be purchased from Mr. Brock
curtise was considered.

Ald. Wallbridge thought that the cost
should not be made for next year.

Ald. Diamond was of the same opinion.

Ald. Gille was of the opinion that the
sculpting cost but \$9.50 per 1000, it should
be purchased, as it was in all probability
a more expensive material.

Ald. Taylor was of the same opinion.

Ald. Stirling was of the same opinion.

The committee also recommended that
the drain on Bracey Street be attended to
and the matter be left with the Street Sur-
veyor, the chairman of the Committee and
Ald. Stirling.

Ald. Clarke said the water in the drain
was stagnant and it should be attended to
at next meeting of the Council. —Lost.

Ald. Wallbridge wished the matter in-
vestigated by the committee proposed and
reported to the Council.

Ald. Lonsdale spoke in favor of having
the drain attended to at once.

A motion was made that the matter be
left over and the committee advised to re-
port at next meeting of the Council. —Lost.

The petition of a number of the rate-
payers asking that a concrete pavement be
laid down on Front Street from Dundas
Street to the water works was brought up.

THE IT THE HOLES !!

GOUGH Holds His First Annual Mid-summer Sale in Belleville

It is customary with us, after the last of July,
to organize in our different stores a big sale of
our entire stock. This we do, first, because we
believe it does not pay to carry goods over until
another season, and secondly, in order to make
room for our big fall purchases.

There have been one or two exceptions. Consequently,
when we advertise a

Grand Reduction Sale,

We have just closed a remarkably successful
season, our sales going very beyond our most
optimistic expectations. Thanks to you, good
people of Hastings and Prince Edward Counties,
although we are sure we have given gen-
eral satisfaction, we are not spiritual enough
to believe we have pleased everybody. When
our Service was on earth he did not please
everybody. Can we expect to? Nor do
we claim to be infallible. We are liable to err
in our judgments as well as others, but we do
claim to do our business in an honorable way,
because we believe in it, and for the reason,
because if there are any of our patrons who have come
for complaint, let him come to us and we will
do it right, either by refunding the money or
replacing the goods. This fall we
will attend to our business as usual.

which requires every inch of room we can com-
mand, therefore during the month of July the
following extraordinary inducements will be
offered:

In Our Men's Clothing Department
We will take 20 per cent. off our regular prices.

In Our Children's Clothing
15 per cent. off, and in our HAT and OAP De-
partment, 20 per cent. off.

Remember all our goods are marked in plain
figures, and it is a well established fact that we

Not only in our prices but by showing twenty times more goods and ten times more goods than were ever seen before in Belleville. But
more about this later. What we want now is to make room for this great stock of fall, and if low prices do it, it will get them
now, for we are bound to clear out the balance of our Spring and Summer Goods regardless of cost. Don't miss this great opportunity!
It will pay you to buy now for next year, and other merchants would do well to take advantage of this great sale, also, for we will sell them
cheaper than they can buy wholesale.

They Attend Church.

The Protestant Services by Rev. S. A.

Stearns.

The presence of the Grand Lodge of the

Loyal True Blue Association in this city

was made the occasion, last night, of the

largest demonstration of the True Blues

Fraternity Boys, and Orange Societies of

this city, which has been held here for some

time. The procession was a most imposing

and brightly one, and was marshalled by

Grand Marshal J. G. Brown, and started at a

precise hour, and was followed by the

band, which, through the sidewalks, all along

the route of the procession. The order was

as follows:

Deseronto Citizens Band.

Grand Lodge Officers in Charge.

Loyal Members of True Blue Lodge in

Charge.

L.O.E. No. 27.

L.O.E. No. 27.

Fraternity Boys' Lodge.

Orange Boys' Lodge.

Grand Lodge of the True Blue

Association.

The objective point of the procession was

the Methodist Tabernacle, and leaving the

Protonde Boys' Hall on Front street, with

ed down Front street to Bridge street, up

Bridge street to Church street, and thence

down Tabernacle street to the Tabernacle.

After the full had been

seated in the spacious church, a large con-

gregation greeted the Rev. S. A. Stearns,

Grand Chaplain of the Grand Grand Lodge

of Ontario East, who had been invited to

preach.

The reverend gentleman took for his text

Romans viii, 31: "If God be for us who

can be against us?" He preached in a

most earnest, practical manner. At the

close the collection was taken up for the City

Hospital. The choir of the Grand Grand

Lodge, who were present, rendered two appropriate

songs. Miss Minnie Higginbotham pre-

sented the organ with great acceptability, and

selected for the hymns that were sung tones

which were familiar, so that the singing

was truly congregational and hearty.

Leaving the church the procession re-

turned and proceeded down Church street

to Front, along Front to the market

square, to Pincus, Pincus to Bridge st.,

and thence to the Grand Grand Lodge

Boys' Hall. As they passed the grand office

of the Grand Grand Lodge, the

enthusiasm of the brethren found vent, and

fraternal cheer was given to honor of the

illuminated words "God save the Queen,"

also for the brilliant illumination. On re-

turning to the hall an open meeting was

held and fraternal addresses were given by

the Grand Master of the True Blue, R. E.

Stearns; Grand Chaplain of Ontario East,

Rev. S. A. Stearns; Past Grand Master of

Ontario East, W. A. Brown; Past Grand

Master of True Blue Boys, R. K. Brown;

and the interesting meeting being brought to a

close by passing a vote of thanks to the

Rev. Dr. Stearns for his sermon, the

treasures and choir of the Tabernacle,

and the singing of the National Anthem.

The members of the Grand Lodge were

most cordially entertained by the local

fraternity.

At Mr. J. Fleming's restaurant.

To-morrow morning at 8 o'clock the

Grand Lodge will proceed to the cemetery

and decorate the grave of the late Deputy

Grand Master, Bro. J. T. Diamond.

This afternoon the Lodge were photo-

graphed by Bro. O. Rose, of Toronto,

who is in attendance.

THE PITTSBURG TRAGEDY.

Further Details of the Bloody At-

tack.

At the residence of the Hon. Mr. Con-

stitution, the following particulars were

given:

LITTON, Pa., July 7.—A special train

arrived here this morning from Homestead,

Pa., and the Pinkerton detectives in charge

of Sheriff M. C. Gray. 27 of the men were

wounded, and were removed to the hos-

pital. The remainder were sent to the county

jail, where they will await their trial for

murder.

President William D. Cook of Donnell

convened his cabinet, and the members

of the cabinet were the train. It was

decided to order the National Guard

to Homestead. It is generally estimated

that the Pinkerton men were not the

guilty party in the tragedy, but that the

murder was committed by the

local militia.

On the authority of the surviving

Pinkerton men, it was stated that

the men were not the guilty party in

the tragedy, but that the murder was

committed by the local militia.

The fire car loads of Pinkerton de-

tectives, who came to Pittsburgh during

the night, were sent to New York by special

train at 10 o'clock this morning.

True Blue Lodge.

The Grand Lodge was in session yester-

day afternoon, Bro. R. Newman, Grand

Master, presiding. The grand

report of the committee in receiving

reports from the Deputy District Grand

Masters, all of whom spoke in an

impressive manner of the progress which

the Order was making in various parts of

the country.

In the evening they received a

report of the progress which the Order

was making in various parts of the

country.

The minutes of yesterday's sessions were

read and confirmed.

A number of notices of motion were

given in reference to some local

business.

The finance committee in their report

recommended that a sufficient sum be

appropriated for the purpose of

presenting a suitable jewel to Bro. R.

Newman on his retirement from the

Grand Master position. The

motion was carried.

The committee on correspondence

presented a lengthy report, of which the

following is a synopsis: In noting that

part of the Grand Master's address

referring to the position of the

Grand Lodge, we would recommend

that the Grand Lodge take steps to

prevent in future any similar

disturbances.

Grand Reduction Sale.

It means a reduction, for the goods are sold

at the regular market prices and the discount

taken off after the sale is made.

We have just closed a remarkably successful

season, our sales going away beyond our most

optimistic expectations. Thanks to your good

people of Hastings and Prince Edward Counties.

And although we are certain we have given

great satisfaction, we are not egotistical enough

to believe we have pleased everybody. When

everybody has been on our side, it is

BELLEVILLE, FRIDAY, JULY 15

TALK OF THE TOWN

Sick Headaches yields to BRENCH'S PILLS.

FRED ABRAHAM, master of marriage licenses, at the Ontario office.

Bellefonte Lodge No. 81, I.O.O.F., at 14 meeting last evening voted \$25.00 to the relief of the poor of St. John.

A lady who is promptly removed the cause of sick and nervous headaches. The pills speedily cures. Irrregularities of the stomach, liver, and bowels, and the mildest and most reliable cathartic in use. No one should be without them.

The tobacco of Marlboro was once the favorite with the smoking world, and when old Father Time descended the Marlboro brand 1890 the Indians were much surprised to see a European with such an excellent sample of their native plant. But the smokers of the "Marlboro" brand would give a poor sample of the once celebrated Marlboro. Their favorite brand was as much superior to the new and untried leaf with the Indians of that day.

TEMPERATURE

At Registered by Dr. Bell's Self-Registering Thermometer.

Framed July 15th.

Maximum 82; minimum 66.

Barometer 29.80—steady.

A Curiosity.

Mr. Phil Harris has a curiosity, a pure white St. Bernard pup.

PROBABILITIES

To-morrow, July 16.—Generally fair and very warm; thunderstorms in some localities, at night.

A Serious Complaint.

A complaint had been laid against Richard Dawley, 77, who is accused of glancing a dead horse in the bay at the foot of Church street.

The Case Board.

At the Camp 4400th O'Brien Board on Tuesday Mr. J. T. Warrington purchased 684 boxes of white and blue, and Mr. Warrington purchased 252 boxes of colored at 80c.

Annual Meeting.

The members of the P. E. O. O'Connell's Bible class will on Wednesday next have their annual outing. They will visit Detroit, Iron Island, Glenora and Pictou.

Somewhat Sarcastic.

A respected resident of Belleville, Ward says he is sorry to see those beautiful flowers and plants which fringe many of the streets, so ruthlessly trampled—particularly the burdock and bladder.

Appeals Dismissed.

The appeals from the decision of the Court of Revision were heard yesterday before the County Judge. All were dismissed. The City Solicitor conducted the case for the Corporation in an able manner.

No Damage Done.

The fire yesterday afternoon did no damage. It was not the mill, as at first reported, but some sawdust lying in the yard had by some means caught on fire, causing the alarm. The fire department was not required.

Committee Work.

The Water and Gas, Fire and Market and City Property committees met last night. The only business transacted was the passing of a few accounts, and making the estimate for the year. The Water and Gas committee received \$7,400, Market \$1,100, and the Fire \$1,200.

What a day we have had.

We have been in a state of confusion since the morning. The water is so low that the boats are in danger. The fire is so high that the houses are in danger. The market is so low that the farmers are in danger. The city is so full that the streets are in danger.

AN ELEGANT YOUNG IRISHMAN.

That the elegance for which Irishmen

have long been noted has not died out, is

evidenced by the report given below of a

speech delivered at Nanagh, in the Green

Fields, by Mr. E. J. O'Connell, a son of the

Rev. Dr. O'Connell, of Dublin, a young

man of 22 years of age, who contested a

northern constituency in the interest of the

Unionist. The occasion was the first

meeting in furtherance of the candidature

of Captain the Hon. Col. George Trench,

D.L., Squire Hill, Lower Ormond, who was

contesting North Tipperary in the

Unionist interest, and partook more of

the character of a popular demonstration

than anything else. The speaker was

well received, and the meeting was

very large. The speaker, Mr. E. J. O'Connell,

was a very handsome young man, and

carried with him the sympathy of his

audience. He said he felt privileged in

being in the ranks of the Unionist cause,

and that he would do his best to support

the cause of the Unionist party. He then

read a letter from the Rev. Dr. O'Connell,

in which the latter expressed his

confidence in the speaker, and his

belief in the success of the Unionist

cause. He then concluded his speech

by saying that he would do his best to

support the cause of the Unionist party.

He then received a vote of thanks

from the audience, and the meeting

was adjourned. The speaker was

THE REASONS!

GOUGH can sell cheaper than other dealers: First—Because he is the largest

Clothier in C-nada. Second—Because he is not the supply account of any firm and, consequently, is not compelled to handle only on manufacturer's goods and at whatever prices they have a mind to ask. Third—Because we have ample means to buy where we like, and no matter how large the stock, whether \$1,000 or \$100,000 worth, we are always prepared to pick it up if it is a snap; and Fourth—Because we sell ten times more goods than any other firm and, consequently, can sell on a smaller margin of profit.

Some of our high priced friends cannot see anything funny about GOUGH selling so cheap and call us "fake deal rs," but when inaugurating this one price and low price system we did so with a determination to "hew to the line and let the chips fall where they may," and if in fulfilling this mission we are breaking the back bone of our high-price opponents, we are sorry for them, for we mean them no harm, but claim the right to do our business in a square, honorable way, giving dollar for dollar every time.

Yes, we are called "fake" dealers and "low" dealers by our opponents. Well, we freely admit we are low dealers, wallowing in the lowest depths of bed-rock prices, while our exalted brethren look down upon us from their high places, and go well because we are capturing their trade, and this is the sequel to their calling us "fake" dealers, etc., but it won't go down, for the name of GOUGH is provincial and a household word in every family.

Don't forget our Great Midsummer Sale still continues and we are giving extraordinary cuts all along the line, as we are determined to carry no goods over until next season, but require the room for our big Fall Stock, which will commence to arrive next month.

Thousands of Overalls only 19c per pair, sold by other dealers before we opened here for 50c, but we compel them now to sell them for 25c,—and they are mad.

Some Particulars as to the Victims.

(Kington News)

William Christie, the engineer who lost his life, was well known in railroad circles. He was a married man of about 40 years of age, and resided in Toronto, where he was prominently connected with the Presbyterian church. He was nurtured in religion, and before he engaged with the Niagara Falls. Business in this connection, he was a member of the O.T.R. between Toronto and Kingston. He had been engineer on No. 12, the O.T.R. since its inception, and was a very capable and efficient man.

Joseph Hardy, fireman, was an unmarried man about 25 years of age. He also resided in Toronto, and has always been employed in the Bay of Quinte railway since it first ran into Kingston.

Thomas Watson, fireman on the passenger train, is also married and a resident of Toronto. He was formerly a resident of Kingston, and his mother still lives here.

William Wilkinson, conductor on the special, was formerly a resident of Kingston, and his mother still lives here.

Barley Intelligence.

BELLEVEILLE, MONDAY, JULY 25

THE BARLEY TRADE OF CANADA.

The barley harvest being close at hand, the export has done a very great service to the growers of a cereal in publishing a carefully prepared paper by Mr. Robert H. Lawder, in which that eminent authority reviews the principal features of the season's trade and discusses the prospects of the coming crop. Mr. Lawder states that owing to the unprecedentedly large harvest in the Northwest of 1891, the demand for Canadian barley for United States millers and brewers during the crop year 1891-92, has been of a very limited character. The imports of Canadian barley into the United States during the crop year 1891-92, have been about 3,400,000 bushels, as compared with 5,076,471 bushels in 1890-91, and 11,327,002 bushels in 1889-90, and of this amount not less than 2,500,000 bushels was exported. The McKinley bill, which gave a duty of 10c per bushel, was designed to shut out Canadian barley, and has accomplished its purpose in this respect. It must not be concluded from this that the value of Canadian barley has been depreciated to the extent of the increase in the American tariff. If the production of barley had been maintained on the same scale as in 1889-90 and 1890-91, the excessive supply thrown upon the markets of the United States in years of such high barley crops of their own as those of 1890 and 1891, would have depressed prices there to the low values which have been obtained for export to Europe. The probability of selling any considerable proportion of the crop in United States markets is very small. Mr. Lawder considers, however, that the yield in that country will be large as that of last year.

Canadian farmers must understand, however, from the experience of the last two seasons, that, even with free trade in barley, or with the former moderate duty of 10c per bushel, all hope of obtaining in the American market the remunerative prices of former years must be abandoned, except under the precarious occurrence of an all round depression in the United States market. All present indications point to their dependence upon the English markets for the sale of the greater portion of their present crop of barley, and his remarks in this connection are so important that we quote them in full. He says:

Including the shipments from Montreal, about 4,000,000 bushels of the best of barley was exported to Europe, nearly all of it to English markets. A large proportion of these exports was made to England, Italy, and another large proportion consisted of the lower qualities of the ordinary export barley, for which the market was poor. Most of the shipments of the superior quality of the line qualities of six rowed barley, which was long and slender, designed for malting purposes in England or Scotland, resulted in losses to shippers. Some people, who appear to have a knowledge of the principles or interests of exporters, have been writing in newspapers from time to time attributing the loss of the crop to the trouble and disastrous mixing of different varieties by the exporters. This is absurd, as no exporter could be so stupid as to incur the risk of certain loss which would result from such a practice. That there was some mixing in the trade, has come from the carelessness and want of experience on the part of the farmer and dealer in the interior. Exports complained of also made against the railway companies for their negligence in carting to keep the different shipments separate. If, however, it is true that in some cases feeding barley was mixed with malting barley, and two-rowed with six-rowed barley, the responsibility lies over the producer appears to have been that of the farmer and dealer, and not of the railway companies.

Official Reports from the Great Disaster at Sanjour.

The HAZARD, July 25.—Official confirmation has been received here from the coast of the reported volcanic eruption on the left of Sanjour in the Colabaes Sea between Colabaes and Mifundao. The eruption came from a volcano known as Guinosa. A great quantity of lava was ejected, and great quantities of lava and houses collapsed, and great quantities of lava appeared in the rocky formation of the coast.

The butts took fire and those of the natives who were on the mountain were taken down and smothered in the towns. Lava ran in streams two and three feet high and 20 to 30 feet wide down the mountain side into the sea.

The lava flow continued down the coast and was about 2000 and probably 3000 feet high.

Cholera subsiding.

On June 25.—The mortality from cholera is diminishing on the lower Volga, but north of Kazan the disease is spreading rapidly in towns and villages west of the river.

London, July 25.—The Times' St. Petersburg correspondent says: Official cholera returns for the period from July 17 to 21 give the number of cases in Russia as 4829 and the number of deaths as 2300.

To Apportion Money.

London, July 25.—The Chronicle's Vienna correspondent says that a European conference will be summoned by Spain to deal with the Moroccan question. The conference will include Germany, Austria and Italy will be represented at the conference.

Lived on Tobacco Potatoes.

Brussels, July 25.—A curious instance recorded from a mine at Brixley last night being 7 days without food, had managed to live by drinking water that trickled through the mine and eating their tobacco pipes.

On Thursday evening Will Schaefer, a young man, a fine player on the violin, was killed by a horse in the stable of the late Mr. Schaefer, a stonemason, were dropped at the stable.

A dispatch from Lagos, West Africa, says the epidemic which was recently reported to have been introduced by the trade route to the interior and are, in fact, the same disease, and are, in fact, the same disease, and are, in fact, the same disease.

On Thursday evening Will Schaefer, a young man, a fine player on the violin, was killed by a horse in the stable of the late Mr. Schaefer, a stonemason, were dropped at the stable.

There are contingencies as to whether the farmers cannot overcome, but against which they may to some extent protect themselves. With the enormous demand in England between the prices of feeding and malting barley, would it not pay the farmers to have their stocks of barley carried through, and in the case of heavy rains, keep the stock alive to be used for feeding purposes, and so obtain a better quality of the grain for the market?

With the enormous demand in England between the prices of feeding and malting barley, would it not pay the farmers to have their stocks of barley carried through, and in the case of heavy rains, keep the stock alive to be used for feeding purposes, and so obtain a better quality of the grain for the market?

There are contingencies as to whether the farmers cannot overcome, but against which they may to some extent protect themselves. BELLEVIEW, THURSDAY JULY 28

A GOOD KIDNAPER.

We are sorry to have to announce that Mr. Farver, for the past year has been the prize of a principal editorial writer, has failed to return from his journey for a time and will never see his connection with the Globe on August 1st. The Globe has found Mr. Farver to be a man of unusual ability and of the strictest integrity, a master of his profession, conducting public discussion upon a high level, and carefully avoiding the vulgar and coarse habits of political cartooning; and the Globe parts from him with regret.

The public will neither share the regret of the Globe at Mr. Farver's retirement, nor endorse its estimate of the man or his work. On the contrary, they will feel inclined to exclaim, "a good kidnaper!" Edward Farver's connection with the old Reform organ was a principal editorial writer, has been, since the exposure of the villainy by the late Sir John A. Macdonald and Sir Charles Tupper in February last, the great scandal that was ever known in connection with Canadian journalism. It was shown that Mr. Farver, in personal interviews with American legislators at Washington, by means of a pamphlet which he wrote and had printed, and in a private correspondence with Mr. Farver, a Congressman from Illinois, who is well known as one of the bitterest enemies of the Dominion, laid bare what he conceived to be Canada's weak spots in her commercial relations with the United States and, with traitorous venom, invited the U. S. Congress to legislate in the way which he had indicated out, and so—has he imagined—force us into annexation. Little did this "make in the grass" know the people of Canada, nor how measured by his own credit standard, when he entered into a conspiracy with Ellis & Co. The conspiracy was exposed, and Farver, who could not deny his share in it, capped the climax of his treason by a public confession, in which he avowed himself an annexationist.

And yet, with the publicly expressed approbation of Sir Richard Cartwright, the Globe retained the services of the traitor until his words having done more harm to the Dominion than any other, he was expelled from the ranks of the Dominion States, he retired from the scene, his work done as far as he could compass it, and the Globe gives a certificate of character to the "journalist" who had disgraced the profession, and the publisher who sought to betray his country. The organ and Farver are worthy of each other.
